

## Principles for a Transformed Life (PTL)

### Principle #2: Faith in God

**Anyone who wants to come to Him must believe that God exists and that He rewards those who sincerely seek Him. (Hebrews 11:6b NLT)**

**Definition:** Faith in God - A shift in lifestyle reflecting a trust in God. The concept includes commitment to the will of God, relationship with the Person of God, dependence on the grace of God, and obedience to the command of God.

◆ Making a decision to follow God.

- Decision means a conclusion or resolution reached after consideration. It comes from a Latin term meaning “to cut off.” Choosing one path means not taking another. Let’s consider having faith in God.
- A decision to follow God means seeking a personal relationship with Him. John 17:1-3 tells us that life eternal consists in knowing God. That is more than knowing about God or believing that He exists.
  1. Matthew 7:7-12 He promises to reveal Himself to anyone who genuinely seeks Him.
  2. John 14:7-9. Jesus Christ reveals to us the nature of God. Our religious training may have given us a distorted picture of God. We must change this view by studying Jesus in the Gospels.

- ◆ Learning to trust implies learning to obey. If I trust someone then I can do what they tell me because I know they will never hurt me. This is difficult for most of us. We are afraid God will ask us to give up something dear, or do something that is not for our good. The truth is, if I know the will of God and do it, it will always be good.   - God gives us grace (ability) to do what He asks us to do. He will give you grace to love those you find it impossible to love on your own.
